So pleased to have viewed this exhibition coinciding w this year's  
Arts! It's been wonderful to pause and take time between each  
work. The artists on stage have been so beautifully executed in  
watercolour, and the black & white photographs in particular are so  
lovely! Of course I love & adore Gerald's gigantic piece white &  
black streams of paint over stained coffee paper  
figures expressive & larger than life. Thank you so much for  
displaying such a stunning & ~~varied~~ varied show. J
