Nominated for	Vice President	I am very excited about the possibility of continuing to contribute to Umbrella as a member of the Board. The gallery is going through tremendous change and growth. Maintaining stability in the board during this adjustment phase seems prudent and it would be my pleasure to continue to see through the changes. I have been delighted and inspired by the collaboration between the Board and Director and think that the relationships are positive and effective. The skills I can bring along include any transferable skills from being a business owner and psychologist. Personally, I am passionate about the Arts and want tot make a contribution to our local community.
